SECURE

STYLE

POWER

MUSIC

BlackBerry® Authentic Accessories are engineered for quality, security and functionality. They optimally charge your smartphone, maximise battery life, and personalise your experience.

So go ahead and make it your own.

The range of accessories available for your BlackBerry smartphone includes:

- Batteries & Battery Accessories
- Carrying Solutions
- Charging Solutions
- Desktop
- Headsets and More!

CARRY

BLACKBERRY PREMIUM LEATHER TOTE

Carry your BlackBerry smartphone in style.

Attach your BlackBerry® Premium Leather Tote to your handbag or clutch it while you're out shopping, dining, or clubbing. Or remove the strap and toss it into your briefcase.

KEY FEATURES:

- Magnetic proximity sensor detects when your smartphone is in or out of its case to:
 - Change your ringtones and notification settings for phone, email, text, calendar, and other functions
 - Turn off your screen to save power and maximise battery life
- Built-in indentation runs along the inside of the case to protect BlackBerry smartphones with trackball navigation
- Premium leather exterior personalises and protects your smartphone

CARRY

BLACKBERRY PREMIUM LEATHER SWIVEL HOLSTER

A holster that's professional for the boardroom and comfortable to wear for long trips. Featuring a stylish multi-rotational clip so you can keep your smartphone vertical when walking and rotate it horizontally when sitting down.

KEY FEATURES:

- Magnetic proximity sensor detects when your smartphone is in or out of its case to:
 - Change your ringtones and notification settings for phone, email, text, calendar, and other functions
 - Turn off your screen to save power and maximise battery life
- Built-in indentation runs along the inside of the case to protect BlackBerry smartphones with trackball navigation
- Premium leather exterior personalises and protects your smartphone

CARRY

BLACKBERRY LEATHER POCKET

Provide a snug, secure fit for your BlackBerry smartphone with the BlackBerry® Leather Pocket, offering luxurious protection in a form-fitted case.

KEY FEATURES:

- Magnetic proximity sensor detects when your smartphone is in or out of its case to:
 - Change your ringtones and notification settings for phone, email, text, calendar, and other functions
 - Turn off your screen to save power and maximise battery life
- Durable leather exterior protects against bumps and scratches
- Built-in thumb groove makes removing your BlackBerry smartphone effortless.

STYLE

BLACKBERRY SKINS

Personalise and protect your BlackBerry smartphone with a BlackBerry® Skin, now available in even more colours.

The rubberised exterior provides you with a sure grip, protecting all corners and sides of your smartphone against bumps and scratches. It also helps prevent your smartphone from sliding across your car's dashboard or other slick or angled surfaces.

BlackBerry Skins feature easy-access openings for camera, audio input and output ports, mini-USB port, programmable convenience keys and stereo jack. Plus, the keyboard and screen remain uncovered, so you can type and place calls as efficiently as ever.

KEY FEATURES:

- Rubberised exterior provides you with a sure grip on the device and helps protect it
- Open slots for access to keyboard, camera, audio and mini-USB ports and programmable buttons

DISPLAY

BLACKBERRY LEATHER DESKTOP STAND

The ideal home for your BlackBerry smartphone whenever its charging, syncing or just needs a place to relax. With a Blackberry® Leather Desktop Stand, display your smartphone on your office desk or home countertop, while keeping your workspace tidy when you're recharging.

KEY FEATURES:

- Leather stand folds up to easily transport it wherever you go
- 2 open slots at the back of stand allow you to wind a USB cable or travel charger behind your device while charging and syncing

CHARGE

BLACKBERRY POWER STATION

Charge your smartphone, the BlackBerry® HS-655 Wireless Headset, and a spare battery at once while displaying all in style with the BlackBerry® Power Station. And while your smartphone is recharging, call home or dial into a conference call using BlackBerry speakerphone functionality, or remove the battery charger from the back and take it with you when you're out and about to charge a spare battery using any of the BlackBerry charging solutions. A multifunctional charger for your multi-tasking day.

KEY FEATURES:

- Contains model-specific cradle and 1.6 Amp power supply to rapidly charge multiple products
- Slide your smartphone into the form-fitted cradle at the front, while placing the headset into the circular charger behind the cradle and slipping the spare battery under the hood of the extra battery charger to power all 3 at once
- Replacement face clips are available for all compatible smartphones

CHARGE

CHARGERS

Whether you're working at your computer, travelling in your car across town or on a plane overseas, or simply turning in for the night, there are BlackBerry chargers to power your smartphone wherever you are.

KEY FEATURES:

- All chargers feature both constant current and constant voltage technology to provide consistent charge times and maximise battery life
- All BlackBerry smartphones are standardised on mini-USB chargers
- Available in BlackBerry® Dual-Voltage 12/24V Automotive/Car charger and 12V-only Vehicle options
- Power chargers recharge in automobile and high-powered vehicles
- International travel chargers power smartphones in different countries
- USB cable charges and synchronises your BlackBerry smartphone

CHARGE

BLACKBERRY CHARGING POD

The stylish BlackBerry® Charging Pod allows a user to charge and display their BlackBerry smartphone in the office or at home. Conveniently positioning the handheld for speakerphone calls, watching videos, or listening to music – this must-have accessory also charges BlackBerry smartphones by connecting one of the BlackBerry charging solutions to the back of the Pod.

By connecting a USB data cable to the handheld's mini-USB port at the same time, you can track syncing or media file transfer activities from your handheld's display, easily and conveniently.

KEY FEATURES:

- Combine Charging Pod with any BlackBerry charger to charge your BlackBerry smartphone
- Display BlackBerry smartphone activities while charging, taking phone calls, watching videos, or listening to music

RECHARGE

BLACKBERRY BATTERIES

Flight delays, power outages and longer-than-expected trips. You can't always recharge your BlackBerry smartphone when you need to.

But with an extra battery on hand, you can always talk, type and work as long as you need to. BlackBerry batteries feature secure, cryptographic chips to ensure you're using a battery designed to maximise power to your smartphone.

KEY FEATURES:

- Secure, cryptographic chip ensures BlackBerry smartphones work only with approved batteries to optimally charge devices and maximise user experience
- Batteries tested to provide maximum power and charge cycles with your BlackBerry smartphone

SPEAK

BLACKBERRY HS-655 WIRELESS HEADSET

Optimised for BlackBerry smartphones and compatible with all Bluetooth-enabled mobile phones. Includes Digital Signal Processing (DSP) technology to optimise sound quality and reduce background noise.

The BlackBerry® HS-655 Wireless Headset also supports 128-bit encryption for secure, private phone calls, and is designed to integrate with the BlackBerry charging portfolio of Travel Chargers, Car Chargers, and Power Stations.

KEY FEATURES:

- Optimal sound quality with DSP
- Headset-controlled volume, mute, last number redial and voice-activated dialling
- Talk time up to 3 hours; Standby up to 80 hours
- Range up to 10 meters (33 feet)
- Incredibly small design, weighing only one-third of an ounce (9 grams)

MUSIC

BLACKBERRY STEREO HEADSET

Take calls or listen to your favourite music and video clips using the BlackBerry® Stereo Headset on media-enabled BlackBerry smartphones.

KEY FEATURES:

- Make phone calls or listen to audio and video files
- Answer, end, and mute phone calls or play and pause music with a conveniently-located one-button control
- 2.5 and 3.5mm jack versions available for compatible smartphones. Compact and lightweight design easy to wear and transport
